

Dear Parents,

It has been brought to our attention that a teacher on our campus has been diagnosed as having COVID-19. This teacher has not been on campus since Wednesday, October 21, 2020. As per our reopening plan, located at www.cayugaisd.com, we are notifying all parents with students on our campus to make them aware of the situation.

Please note, all students are following safety guidelines such as wearing masks and using barriers to separate them throughout the day. We are taking additional steps daily to keep our grade levels separated as well as classes within each grade level.

This teacher will be working from home and those students that were in close proximity have been placed on remote learning and will return to school once completing the flowchart for safe return. If you have any questions or concerns, please feel free to contact me at any time. I can be reached at kmills@cayugiasd.com or 903-928-2295 ext. #032.

Thank you,

Kristen Mills

Nurse, Cayuga ISD
